FINISH	5.0		

TEAM TRACKING COMMUNICATION PROTOCOL

IMPORTANT RACE DAY COMMUNICATION – RUNNER TRACKING:

SAFETY is our #1 Priority and knowing where Teams are on the course is **VERY Important** to the P2B Team!! This is why we are implementing a **3 STEP APPROACH** to Communicating with Race Command on where your Runner is on the Course and when your Runner enters an Exchange. Our Race Command Center will be monitoring Runner RaceJoy GPS Tracking and tracking the times Runners enter the Exchanges based on feedback from Race Staff, Exchange Volunteers, and Team Communication.

IMPORTANT: Following the **3 STEP APPROACH** below is mandatory for Teams and if your Team is unable to follow one of the below for more than 3 Exchanges your Team could be disqualified.

RACE DAY COMMUNICATION & RUNNER TRACKING (3 STEP APPROACH):

1. USE OF RACEJOY BY ALL RUNNERS ON TEAM (REQUIRES CELL PHONE)

- ❖ If cell phone not available or no service on Leg then move to next option
- ❖ Even if you use RaceJoy please Text Message Race Command with Time into Exchange

2. TEAM MESSAGE TO RACE COMMAND AS RUNNERS ENTER EXCHANGES

- ❖ Message Example: EX 10: TEAM 101 @ 12:30 PM
- ❖ If no cell service at Exchange then message Time once service is available

3. EXCHANGE VOLUNTEERS MESSAGE RACE COMMAND AS TEAMS ENTER

- ❖ No Exchange Volunteer, note time on **TEAM TRACKING Sheet** and notify next Exchange Volunteer of time(s)

IMPORTANT:

- ❖ CONFIRM COMM APP: Teams are the send a Text to Race Command at Packet Pickup
